

Upgrade Blueriq Community

Upgrade Blueriq Community

April 15, 2014 - Today the Blueriq Community has been successfully upgraded. This upgrade allows us to further enhance our documentation with things like video content, which we will be showing soon.

We also created a new Customers section which shows each customer content specific to their organization (licences and downloads can also be found here) . More functions will be rolled out over time, so stay tuned!

We would love to get some feedback on how we are doing with the community, so do not hesitate to let us know at support@blueriq.com.
